

Point System for Continuing SHS NHS Membership

A student who reaches **eight points** per year will receive a letter from the advisor notifying them.

A student who reaches **12 points or more** will be reviewed by the standing Faculty Council who will issue **sanctions or a dismissal notice** to the individual.

Point System

- 2 points per missed meeting

- 1 point for arriving late to a meeting

- 2 points for failing to follow through on a delegated responsibility in a club activity(ie. signing up to bring food , decorate, clean up, pick up, organize, tutor, chair a committee and then not following through, failing to find an alternate or even to call the advisor)

Note:

As well-rounded individuals, you will certainly have other obligations which will, at times, take precedence over scheduled club activities. With that in mind, it is the decision of the Faculty Council that 12 points allows members enough opportunity to uphold their commitments, while remaining strong NHS members.
